Relaxation Formula Containing Highly Concentrated California Poppy and Hops

## Satori = Enlightenment

- ▶ Sa-To-Ri7<sup>®</sup> is a certified vegan product with a targeted message, VEG OUT<sup>®</sup>, that is specifically formulated for the vegan market.
- ▶ Unique all vegan relaxation formula containing highly concentrated California poppy and hops which are herbal extracts that have been widely used, for example, in Europe to promote calmness and relaxation.\*
- ▶ This is a special formulation containing nearly twice the level of active extracts compared to similar products. This value proposition is easy for customers to understand. The product was carefully formulated to avoid unnecessary herbal plant extracts such as kava.
- ▶ This improved formulation contains lemon balm as well as the original California poppy/hops extracts. These have all been used for centuries to promote calmness and relaxation\*. The lemon balm enhances the taste profile and replaces the organic black strap molasses.

The improved Sa-To-Ri7<sup>®</sup> is more potent and more effective in inducing gentle yet efficient calming of the nervous system.\*
